### Jim Albertson

Jim Albertson has been a long time Keys Customer. He died tragically in a snowmobile accident on Feb 1<sup>st</sup>, 2009. He left behind his loving wife and his daughter Bailey.

Jimmy Albertson was one of the sweetest, fun loving, hard working men I have ever met. His dedication he had put into everything including his family, friendships and hobbies was very admirable. Jimmy had a way of lighting up a room with his infectious smile, quick wit and kindness. Anyone who met him would be instantly drawn to him and if someone he knew or did not know he would do anything to help them out or take the time to talk even when he didn't have the time. Jim was well known of his many passions which all had to deal with things that went really fast and how he kept them extremely clean. Not only was he passionate about his motorcycles, boats, trucks, snowmobiles and his Boss 302 Mustang I know his greatest passion was the love he had for his little girl. The special bond they had for one another was noticed by everyone. I always wondered why she looked and acted just like him but now I know it is a gift for all of us to see his legacy carried thru his little girl and I can't thank him enough for that. Jimmy will be dearly missed but he will forever be remembered.
